Congratulations on successfully completing and passing your audit!

By now you should have received an email from our certificates department that included an e-copy of your certificate and JPEG files of the logos that appear on your certificate.

Perry Johnson Registrars' accreditation bodies allow usage of these logos by certified companies under specific rules and regulations. Much like yourselves, Perry Johnson Registrars is audited by numerous accreditation bodies to ensure that we are adhering to international standards for conducting and maintaining management systems certification. It is these accreditation bodies that give us our legitimacy and demonstrate our commitment to be the **"#1 Registrar in the World!"**

Perry Johnson Registrars, in accordance with section 8.3 of ISO/IEC 17021-1:2015, must monitor and ensure that all accreditation marks are being used in an appropriate manner. Note that your auditors will check and inspect your logo usage during all of your surveillance audits. Our Executive Committee performs a similar check during their review of the completed audit package.

To assist you in ensuring that you stay in compliance with these requirements, we have prepared a procedure entitled "*PRO-3, Procedure for Publicizing/Advertising Certification and Use of Certification Marks/Logos.*" This procedure is available anytime from our website www.PJR.com. Just look for the "Registration Document Download" link at the bottom of the homepage to obtain your copy of PRO-3. You and your colleagues will want to look over this document to ensure proper logo usage.

In addition – if you haven't done so already – we've love for you to set-up your access to the "Clients Only" portion of www.PJR.com. Please contact your scheduler for assistance if needed.

If you have any questions or concerns about any accreditation mark or usage of logos, please feel free to contact us at any time.

Thank you,

Your Team at PJR
